

*At Coastal Control Products, we believe business is earned in the trenches by solving one problem at a time. We view our relationships with our customers as a partnership and essential to the success of our business.*

			
<p>Sensors, Instrumentation, Connectivity, Fieldbus I/O, RFID, Interface Technology, HMI</p>	<p>Industrial general purpose AC drives, Fully regenerative drives, Drive systems, Accessories</p>	<p>HMI, panel meters, protocol converters, Data loggers, RTU, IOT, Ethernet switches, Remote access</p>	<p>Compact and efficient DC power supplies, UPS, redundant modules, IP67 power supplies, Buffer modules</p>
			
<p>Robust machine safety interlocks, Access control, Profisafe, CIP safe, fluid power safety</p>	<p>AC motors, drives, soft starters, motor controls, circuit protection, geared motors, automation products</p>	<p>Sensors, Machine safety products, Laser scanners, RFID/bar code transponders, Machine vision</p>	<p>Switch/NFPA70E rated plugs, Multi-pin plugs, high ampacity plugs, DC plugs, Hazardous location plugs</p>
			
<p>Electrical enclosures (SS and steel), Cabinet systems, Climate control products, Pendant arm systems</p>	<p>Sensors, Instrumentation, Controllers, Machine safety, Fieldbus I/O, Connectivity</p>	<p>Flexible control cable, VFD/servo cable, Fieldbus/network cable, Cable management systems</p>	<p>Industrial racking and storage, Machine safeguarding, Wire cage</p>
			
<p>Mencom specializes in selling custom-made and off-the-shelf electrical connectors</p>	<p>For 100 years, LOVATO Electric has been designing and manufacturing low voltage electrical devices for industrial applications.</p>	<p>Hokuyo Automatic USA Corporation specializes in providing application-oriented sensors for position recognition, distance determination, optical data communication and object detection.</p>	<p>Neugart specializes in high-precision planetary gearboxes for automation applications.</p>
			
<p>Stahlin specializes in non-metallic electrical and fiberglass enclosures for various applications.</p>	<p>IcoTek specializes in cable management systems, including split cable glands and EMC solutions for various industries.</p>	<p>Larco offers safety and security access technologies for entrances and work areas with the industry's most durable mats, automated</p>	<p>The worlds best know manufacturer of visual and audible signaling devices</p>
			
<p>Grace Technologies specializes in electrical safety devices and predictive maintenance solutions.</p>	<p>Paletti products service a wide variety of applications. We specialize in developing and building solutions.</p>	<p>Dynapar is one of the world's leading suppliers of motion control feedback products including encoder resolvers</p>	<p>Automated, open cybersecurity platform for your operational technology networks and infrastructure</p>

		 NIDEC-SHIMPO CORPORATION	
<p>Noark is a manufacturer of low-voltage electrical components, especially for specialty manufacturing industries.</p>	<p>PR Electronics sells and specializes in process instrumentation that makes industrial process control safer and more efficient.</p>	<p>Nidec-Shimpo specializes in high-precision gears, motors, and other motion control technologies for industrial applications.</p>	<p>IBOCO's extensive catalog features several product lines: DIN rail, DIN rail accessories.</p>
			
<p>Saginaw Controls &amp; Engineering specializes in manufacturing standard and custom designed electrical enclosures.</p>	<p>Established in 1967 as a wire job shop, WireCrafters LLC has grown to become the nation's leading producer of wire partition products.</p>	<p>Lumisave, a Canadian leader in industrial LED lighting, provides rugged and energy-efficient lighting solutions for demanding environments</p>

Control Products

## Product Line Card

[www.coastalcontrolproducts.com](http://www.coastalcontrolproducts.com)  
[sales@coastalcontrolproducts.com](mailto:sales@coastalcontrolproducts.com)

### Integration:

- We have partnered with local integrators so that we can help take your BOM to a functioning system. Let us know if we can facilitate your integration needs.

### Machine Safety Services:

- Safety Status Check
- Risk Assessment
- Safety Devices Inspections
- Stop Time Measurement
- Safety Trainings
- Commissioning Support
- Safety Concept/Design
- Verification/Validation

### Machine Safety Training:

- B11 LMSS™ Licensed Machinery Safety Specialist training course that sets out the key aspects of designing and implementing machinery safety solutions.

### Repair:

- We have partnered with several repair service providers. Let us help with repair of your electronic equipment, including HMI, AC/DC VFD, servo motor/drive, etc.

### Calibration:

- We have partnered with a full-service calibration lab to offer gauge calibration services on several tools, instruments, transducers, etc. All the lab's standards are traceable through documentation and are auditable.
